

3212039 - Where-used button for address in BP is deleted after following 2855435

Version	1	Type	SAP Knowledge Base Article
Language	English	Master Language	English
Release Status	Released to Customer	Category	Problem
Component	AP-MD-BP (Business Partner)	Released On	09.06.2022

Please find the original document at <https://launchpad.support.sap.com/#/notes/3212039>

Symptom

When clicking on where-used button for address in BP, the following dump is raised:

```
Category ABAP programming error  
Runtime Errors MESSAGE_TYPE_X  
ABAP Program SAPLOLEA  
Application Component BC-FES-CTL
```

To resolve the short dump, the steps from the note 2855435 are performed. However the button itself is deleted after.

Environment

- SAP S/4HANA

Reproducing the Issue

1. Follow the steps from the note 2855435 to delete the unnecessary entries.
2. Check with tcode BP again, the where-used button for address is deleted.

Cause

Some default entries are missing from the customizing view V_TBZ5:

- BPAD BUA001 BUR001 2
- BPAD BUR001 4
- BPAD BUR011 BUR001 4
- BPAD BUR012 BUR011 2

Resolution

Add the missing entries into view V_TBZ5 with tcode SM30:

- BPAD BUA001 BUR001 2
- BPAD BUR001 4
- BPAD BUR011 BUR001 4
- BPAD BUR012 BUR011 2

For reference you can check the steps from the attached excel file. The screenshots from the attachment are taken from SAP internal system.
